ENCOMPASS PROTECTION DATA CAPTURE FORM

This form has been designed to help you capture the information required to submit an online application for an Encompass Protection policy.

All questions in this data capture form should be answered, unless it's indicated that the question is only applicable for clients applying for a particular cover type.

As the online application is dynamic, with several thousand rules designed to maximise automatic acceptance rates, the questions asked in this form are not exhaustive for all medical conditions. However, they've been designed to assist you in completing the questions required for the most commonly suffered conditions.

When entering the data collected in this form into the online application, you'll be prompted if further information is required. Our online application allows you to save the application at any point, and resume it as soon as you've gathered the additional information from your client.

Important notes

We don't accept paper applications; all data collected in this form will need to be entered into our online application system - please

The answers you enter into the online application, including your client's policy declaration, form part of your client's contract of insurance with the insurer.

Once the online application has been completed and submitted, the responses entered will be immediately emailed to your client, in the form of an application summary PDF. Your client must check the application summary and inform us of any errors or omissions within five working days.

Before you use this data capture form, we recommend that you explain its purpose to your client, that their application will be submitted electronically and the importance of completing all questions honestly in line with their obligation not to make a misrepresentation. You should explain the importance of reviewing their application summary to ensure the answers they've provided have been recorded correctly.

If you're utilising our tele-interview services, please skip the following sections:

Beneficiaries (Life Cover only)

Section 48A of the Insurance Contracts Act 1984 allows you to nominate a person, persons or certain legal entities to receive the death benefits available under Life Cover.

The following restrictions apply to such a nomination under this cover type:

- 1. you may only nominate up to five beneficiaries to receive the benefit payable as a result of a death claim (but not a terminal illness claim) under Life Cover; and
- 2. you must be both the policy owner and the insured person in order to make a valid nomination.

Please ensure percentages are entered as whole numbers and that the total percentage share is equal to 100%.
